+917668196973

EDUCATION

Currently Pursuing Bachelor of Technology with specialization AIML, GLA University, Mathura (78%)	May 2025
Intermediate, NCEA Academy, Agra (76.5 %)	May 2021
High School, NCEAAcademy, Agra (86%)	May 2019

Training OR Internship

Machine Learning Training - Internshala: Gained hands-on experience in machine learning concepts and applications.

Mastering Python Libraries: Successfully completed a job-oriented value-added course covering advanced Python libraries for machine learning, data science, and image processing.

PROJECTS

Next Word Prediction Model LSTM

- Built an LSTM-based model for next-word prediction
- using NLP techniques like tokenization and vectorization.

Smart Chatbot using GooglePalm and Langchain

- Developed intelligent text generation capabilities leveraging Pinecone and Google GeminiPalm Model.
- Applied advanced natural language processing and machine learning techniques to create contextually relevant text outputs.

Text Preprocessing and Sentiment Analysis using Simple RNN

- Developed a sentiment analysis model using NLP and Simple RNN with Keras. NLP: Tokenization, padding.
- sequences, word count, Libraries: Pandas, Numpy, Keras, Machine Learning: SimpleRNN for sentiment classification, Data Handling: Preprocessing with Pandas and Numpy

SKILLS

Technical

Proficiency in Java and Python Programming Language
Data Mining
Machine Learning
Good Knowledge of Neural Network (Deep Learning)

Inter-personal Skills

Leadership Qualities
Quick Learner and Creative Thinker
Responsible and Adaptable Qualities

ACHIEVEMENTS

- Training Certification in Machine Learning from Internshala
- Machine Learning Certification from a Job-Oriented Value-Added Course
- Completed Web Development Course from Coding Blocks
- Certification from TCS iON Career Edge - Young Professional
- Solved 130+ LeetCode Problems
- Certifications in Python and Java Programming Languages

DECLARATION

I hereby declare that all the above mentioned information is true and correct to the best of my knowledge
